**April 9-16, 2011**

When launched in late 2009, Oasis of the Seas will be the largest and most revolutionary cruise ship in the world. This ship boardwalk will be a breathtaking space for families with eateries, retail outlets, and carnival games. Off the Boardwalk, the first amphitheater at sea, Aqua Theater, will celebrate water with the largest freshwater pool found on a ship offering a full spectrum of activities and performances for guests. The theatrical performances featuring dramatic acrobations, synchronized swimming, and water ballet. Shopping, dining, and entertainment options include the Rising Tide bar, the first moving bar at sea, which will travel three decks and allow cruisers to enjoy a cocktail as they slowly ascend into Central Park. The Central Park, a revolutionary design in which the center of the ship opens to the sky, features lush, tropical grounds spanning the length of a football field, and will evolve from a tranquil and peaceful atmosphere during the day to gathering space for dining and entertainment in the evening, where guests will enjoy concerts and street performances. <http://www.oasisoftheseas.com>
